

Gold Digger Resources Inc. Announces Launch of New Website

Vancouver, British Columbia--(Newsfile Corp. - August 19, 2024) - Gold Digger Resources Inc. (CSE: GDIG) ("Gold Digger" or the "Company") is pleased to announce the launch of its new website, accessible at www.gdigresources.com. The website has been designed with investors and shareholders in mind, offering comprehensive information on our projects, board of directors, and management team. The site also features an investor center, where users can find press releases, stock information, a media gallery, and our corporate presentation. Please stay tuned for further updates on our Company, which will be regularly posted on the website.

Gold Digger remains committed to finalizing the acquisition of Premium Uranium, as outlined in our press release dated July 24, 2024. For more details on the acquisition and the UA92 Project, please refer to the Company's news releases from July 24, 2024, and June 13, 2024.

About Gold Digger Resources Inc.

Gold Digger Resources Inc. is an early-stage mineral resource exploration company. The Company's material property is currently the Regnault Project, consisting of 71 contiguous mineral claims covering an area of approximately 3,678 Ha located north-northeast of Chibougamau in the Province of Québec.

Forward-Looking Information

This news release contains forward-looking statements and forward-looking information within the meaning of applicable securities laws. These statements relate to future events or future performance. All statements other than statements of historical fact may be forward-looking statements or information. More particularly and without limitation, this news release contains forward-looking statements and information relating to the closing of the Acquisition, the proposed exploration program at the UA92 Project and the timing thereof, and other matters. The forward-looking statements and information are based on certain key expectations and assumptions made by management of the Company. As a result, there can be no assurance that the proposed Acquisition, exploration program on the UA92 Project or related matters will be completed as proposed or at all. Although management of the Company believes that the expectations and assumptions on which such forward-looking statements and information are based are reasonable, undue reliance should not be placed on the forward-looking statements and information since no assurance can be given that they will prove to be correct. Such forward-looking statements are based on a number of assumptions of management, including, without limitation, that the parties will be able to obtain the requisite regulatory, board, shareholder and third party approvals and satisfy the other conditions to the consummation of the Acquisition on the proposed schedule and terms and conditions set out in the SPA; that the SPA will not be terminated prior to the closing the Acquisition; that the Acquisition will be completed in accordance with the terms and conditions of the SPA and within the timeframe expected; that no unanticipated events will occur that will delay or prevent the completion of the

Acquisition; that the Company will be able to undertake the proposed exploration program as anticipated and on the expected timeline; and that the UA92 Project will be prospective for minerals as anticipated.

Forward-looking statements and information are provided for the purpose of providing information about the current expectations and plans of management of the Company relating to the future. Readers are cautioned that reliance on such statements and information may not be appropriate for other purposes, such as making investment decisions. Since forward-looking statements and information address future events and conditions, by their very nature they involve inherent risks and uncertainties. Actual results could differ materially from those currently anticipated due to a number of factors and risks. These include, but are not limited to, the Company's ability to complete the Acquisition as currently proposed or at all, the ability of the Company to complete its planned future activities and anticipated business plans, including completion of the proposed exploration program on the UA92 Project in the fall of 2024, the ability of the Company to obtain sufficient financing to fund its business activities and plans, and the Company's ability to obtain the applicable regulatory, corporate, third party and shareholder approvals of the Acquisition. Other factors may also adversely affect the future results or performance of the Company, including general economic, market or business conditions, risks relating to market conditions, metal prices, changes in the financial markets and changes in laws, regulations and policies affecting the Company's operations and the Company's limited operating history. Accordingly, readers should not place undue reliance on the forward-looking statements and information contained in this news release. Readers are cautioned that the foregoing list of factors is not exhaustive. The forward-looking statements and information contained in this news release are made as of the date hereof and no undertaking is given to update publicly or revise any forward-looking statements or information, whether as a result of new information, future events or otherwise, unless so required by applicable securities laws. The forward-looking statements or information contained in this news release are expressly qualified by this cautionary statement.
